

UNIVERSITY OF SILESIA
IN KATOWICE

Polish Workshop on Heavy-Ion Physics 2026 University of Silesia in Katowice

- **Invitation to the 2026 workshop in Katowice**
- **Date:** December 2026 (exact dates to be announced)
- **Location:** Katowice city centre – University of Silesia in Katowice
- Katowice is a central hub of the Upper Silesian metropolitan area.
 - The city offers excellent transport connections to all major cities in Poland, convenient access to an international airport, and a wide range of hotels to accommodate different needs and budgets.
- The nuclear physics group at the University of Silesia has a long-standing tradition, having been established essentially together with the University itself.
- **Organisational information** (registration, programme): coming soon.
